

# Jemely Cruz Hernandez

## FULL TIME STUDENT

## Summary

I am a dedicated full-time student at Northwestern University, currently pursuing a major in Mathematics while following a pre-medical track. With a strong passion for medicine, I am committed to combining my analytical skills in mathematics with my interest in healthcare. My goal is to leverage both disciplines in the pursuit of a medical career, with an emphasis on problem-solving, data analysis, and improving patient outcomes. I am eager to expand my knowledge and contribute to the field of medicine through research, academic excellence, and hands-on experiences.
